THE WEATHER.

mer weather Sunday.

THE COUNTY ROADS.

The plan to permanently improve
the county roads, whatever may be
said against it, has its advantages.
For many years thousands of dollars
have been spent for what is known as
"working" the roads. It is really the
taxpayers that get "worked." It
makes little difference how much mon-
ey is spent working dirt roads, there
is never any lasting benefit, for dirt is
ground into dust in dry weather and
converted into mud in wet weather.

Good gravel roads would do away
with the major part of road working.
The roads, while not perfect, would
be vastly better in all kinds of weath-
er and at all seasons if gravelled, and
would have the further advantage of
saving the taxpayers the money that
is now spent annually for repairs.

There is at present no method sug-
gested by which the roads of the coun-
ty, of which there are several hundred
miles, can be gravelled, because there
is not now, and will never be enough
money in the treasury to do the work,
unless it is borrowed.

To borrow is the object of a bond
issue. It gives taxpayers the cash
with which to have improvements
made and plenty of time in which to
pay back the money. The interest of
course has to be paid, but no interest
has to be paid on a single dollar that
is not borrowed, and counties, cities
or people who borrow naturally expect
to pay interest on what they borrow.
The money is not theirs, and they sim-
ply pay for its use and if they can't
use it to advantage it does not pay to
borrow.

The question to be considered by
the people of this county is whether
they prefer a waste of thousands of
dollars a year on dirt roads that never
improve and never give them satisfac-
tion, or to borrow money, build good,
substantial roads and spend the money
now thrown away for repairs to pa-
y the interest and principal until the
debt is wiped out. They will then
have good roads which will cost com-
paratively little to maintain and in
the course of time taxes will be re-
duced because the expense of keeping
up the roads will not be much.

Under the present system of improv-
ing the roads, a tax of 19 cents
amounting to \$20,000 a year, is im-

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All
How any man may quickly cure himself after
years of suffering from sexual weakness, lost
vitality, night losses, varicocele, etc., and en-
large small weak organs to full size and vigor.
Simply send your name and address to Dr.
Knapp Medical Co., 610 11th Building, Detroit,
Mich., and they will gladly send free receipt
with full directions so that any man may easily
cure himself at home. This is certainly a most
generous offer and the following extracts
taken from their daily mail show what men
think of their generosity.

"Dear Sirs—Please accept my sincere thanks
for yours of recent date. I have given your
treatment a thorough test and the benefit has
been extraordinary. It has completely braced
me up. I am just as vigorous as when a boy
and you cannot realize how happy I am."

"Dear Sirs—Your method worked beautifully.
Results were exactly what I needed. Strength
and vigor have completely returned and enlarge-
ment is entirely satisfactory."

"Dear Sirs—Yours was received and I had no
trouble in making use of the receipt as directed,
and can truthfully say it is a boon to weak men.
I am greatly improved in size, strength and
vigor."

All correspondence is strictly confidential,
mailed in plain, sealed envelope. The receipt is
free for asking and they want every man to
have it.

posed simply to make the roads pass-
able from year to year, and so far as
can be judged, unless something is
done to get substantial roads, the same
amount of money will have to be
wasted every year, and it will all have
to be paid by the taxpayers.

Good roads benefit everybody, and
bad roads are a burden to all alike.
After all, the cost is a small consid-
eration.

The independence of Panama seems
to have given the Democratic press
something to write about, but the Re-
publicans can contrive to outlive any-
thing the Democratic papers may say
about them. If changes on the isthmus
result in the construction of the canal,
humanity will be benefited and
no one of consequence, so far as is
known, will be any the worse for such
changes.

A Chicago woman who has followed
her husband all over the country and
to Germany has filed suit for main-
tenance. A globe trotter like that is
probably quite an expensive luxury to
maintain. No wonder he fled.

Now that the hooding element has
been hauled from cover in Missouri
the authorities are after the jurors
who have insisted on staying "hung"
in some of the trials.

BASEBALL NOTES

Evansville May Try to Get Into
the K. I. T. League.

Nothing Yet Heard Relative to Pad-
cah's Getting Into Central League.

The first of November was the day
set for a meeting of the committee on
territory for the Central League, of
which Evansville, Ind., is a member,
but the committee as far as can be
learned has not met.

The application of Paducah for ad-
mittance into this league was referred
to this committee to act as soon as a
meeting could be arranged and this
was fixed for November 1. The com-
mittee has done nothing although the
local promoters of baseball have urged
on several occasions that the applica-
tions be taken up and acted on.

It is understood that Evansville lost
money last summer on her team and
wants to get into a smaller league
where the salary list can be cut and
where the traveling expenses will not
be so great. It is understood that she
will try to enter the K. I. T. league
and if this is done, Paducah will re-
main where she is, so stated a prom-
oter this morning. There is plenty of
time to act and the matter will be
carefully considered before any action
is taken.

A report completed by Treasurer
Richard Rudy, of the league, shows
that the Paducah association paid out
well, although Cairo had the greatest
attendance during the season, due to
the fact that Cairo had the strongest
club.

AFTER NEGRO MURDERER—
The police department thinks it will
soon get George Teasley, a negro
who last Sunday shot and killed a
white farmer near Cape Girardeau,
Mo. A woman who is alleged to have
witnessed the killing, is now in the
city and the police believe they will
find the murderer. As a result of the
killing there was great excitement in
the neighborhood and all the negroes
were forced to leave that part of the
country.

REMAINS SHIPPED—Mrs. Martha
Owen died last night of general debil-
ity at the home of her daughter, Mrs.
Ann Gleason, 231 Farley place, aged
69. The deceased was born in Louisi-
ville but has been a resident of Pa-
ducah for five years. She leaves a
husband and three children. The re-
mains will today be shipped to Carra-
ville, Livingston county, for burial.

IN THE LOCAL COURTS

Very Little Has Been Done
Today.

Misdemeanor Cases Principally Take
Up Police Court's Time.

CIRCUIT COURT.

Isaac S. Eaves was this morning
given a judgment for \$1,000 against
the Palmer Transfer company for in-
juries sustained in an accident near
the Illinois Central about a year ago.

Eaves is an Illinois Central car re-
pairer and had been south working
and had just returned to the city on
the train arriving at 1:20 a. m. He
and several companions were walking
home when near the first bridge on
Caldwell street Eaves was struck by a
horse driven by one of the Palmer
Transfer employees. The horse trampled
on Eaves and he was confined to
his bed in a precarious condition for
many weeks. He finally recovered
and filed suit, asking for \$25,000 dam-
ages.

The case was begun yesterday and
finished shortly before noon. The
jury was out a short time only before
an agreement was reached.

With the conclusion of the Eaves
case the petit jury was finally dis-
charged and no more jury cases will
be heard this term. There remains
three weeks more of court however
which will be consumed in hearing
cases to be decided by Judge Hus-
bands.

Mary Avritt today filed suit against
her husband O. H. Avritt asking for
an absolute divorce, \$1,500 alimony,
\$200 attorneys fee and a general at-
tachment against him. She alleges
immorality.

In the case of R. G. Caldwell
against the Ledger Publishing com-
pany, the defendants entered a motion
for the plaintiff to elect what defend-
ants he will prosecute, the Ledger
Publishing company, the corporation,
or the individual members of the
firm, Messrs. B. H. Scott, James
Koger, W. B. Smith, E. W. Smith
or C. Q. C. Leigh.

The plaintiff first filed a petition
against the company as a company
and later amended by making the
alleged backers parties to the suit.
The motion has not yet been acted on.

In the case of T. H. Smith against
Tony Isaman, the motion for a new
trial was sustained.

POLICE COURT.

Jeff D. Carter, colored, was ar-
raigned before Judge Sanders this
morning on two charges, one for
carrying a pistol and the other for
a breach of the peace.

Carter is the negro who went to
Mitchell Jackson's house and roused
him out of bed several mornings ago
to settle a little matter with him and
took a pistol along with him to aid
in the argument. Jackson was too
quick and handed Carter a few with
an iron poker.

Carter was fined \$25 and costs and
given ten days for "toting" the pistol
and in the breach of the peace case
fined \$20 and costs.

The case against Harry Mintzky, a
Broadway clothing merchant, for
soliciting trade on the sidewalk, was
continued.

The case against Will Gholson,
white, for a breach of the peace, was
continued.

Parrish Jones, white, was fined \$1
and costs for drunkenness.

A BROOKLYN BELLE

THREATENED WITH
CONSUMPTION.

Pe-ru-na Promptly
Saved Her Life.

Miss Alice O'Neil, 312 Adams street, Brooklyn, N. Y.,
writes:
"I cannot say too much in favor of Peruna. About
a year ago I was completely worn out, had a serious
cold and a hard cough which seemed to be in danger of
affecting my lungs. If my system had been in a stronger
condition it would have been much easier to
throw off this cold, but I could not seem to get
any relief until I took Peruna, and I must say
that it did the work thoroughly. Within a
week I could see a wonderful improvement,
and I took Peruna four weeks and am in perfect
health now."

ALICE O'NEIL.

Miss Alice O'Neil.

WHAT PEOPLE SAY

About Pe-ru-na as a Remedy for All Diseases of Winter, Coughs,
Colds and Catarrh.

That Peruna cures catarrh, coughs, colds, is well known to both the
medical profession and the people generally. It is undoubtedly the most
popular remedy for this class of diseases in existence. Read the following
letters:

Pe-ru-na Cures a Cold at the Outset.
Miss E. M. Isaacs, Armstrong, Pa.,
Vice-President of the Fortnightly Club,
writes:

"No one who has tried the comfort
Peruna brings would ever be without it.
I used to dread the slightest cold, as its
consequences were so lengthy and so
unpleasant, and the catarrhal condition
which invariably followed so hard to
get rid of, but since I have known of the
blessed relief secured through the use of
Peruna, I am free from all this unpleasant-
ness and suffering."

"A few doses never fails to cure me
of a cold and I keep well through its
use."—Miss E. M. Isaacs.

Hon. W. J. Purman, ex-member of
Congress from Florida, writes from 1428
Q street, N. W., Washington, D. C. as
follows:

"From representations to me and
my own experience I feel justified in
recommending your Peruna to any and
all persons suffering with catarrh,
nervousness or stomach troubles. I
regard it as a great tonic and remedy

for such afflictions. I, and others to
whom I recommended it, are using
it now with beneficial results."—W.
J. Purman.

If you do not derive prompt and satis-
factory results from the use of Peruna
write at once to Dr. Hartman, giving a
full statement of your case, and he will
be pleased to give you his valuable ad-
vice gratis.

The Hartman Sanitarium, Columbus,

HEALTH FOR GIRLS

285 Beecher Street, ATLANTA, GA.

Many people think that patent medicines are worthless but if all women who are suffering and sick as I
was could have my experience with Wine of Cardui they would change their mind.
I really had not known a well day since I was fifteen, as I suffered at the menstrual period, sometimes with
profuse and sometimes with scanty menstruation very irregular and very painful.
I had such pains in my back that I could not lie down and could not find a comfortable sitting position
and that is the way a week out of a month had to be endured for years.
I had tried different remedies for my trouble, and sometimes I would feel much better and think
I was cured, but in a short time the trouble would come back and was only able to get permanent relief through the use of Wine of
Cardui which cured me in three months. I have been in
good health for a year, and have therefore every reason to be-
lieve that I will remain so.

Maggie Dockendorf

WINE of CARDUI

Wine of Cardui is a medicine that can be taken in the privacy of the home with the same ben-
efit as if it were prescribed by the best physician in the world. This simple treatment never fails to
properly institute menstruation and allows the patient to quietly assume the dignity of womanhood
without any shock whatever. Miss Dockendorf could have avoided all her suffering if she had taken
Wine of Cardui at first and every mother should supply her daughter with this great medicine before
the coming of womanhood. The good effects of the medicine will be felt throughout her life.
Wine of Cardui is a medicine which cures both young and old women. It is a positive relief for
irregular and painful menstruation at any stage. It cures bearing down pains and all the ailments
which attack weak and nervous women.

Take Wine of Cardui and secure health like Miss Dockendorf secured it.
All druggists sell \$1.00 bottles of Wine of Cardui.
